

Teachers Corner

<http://www.theteacherscorner.net/teacher-resources/websites.htm>

Important Facts to Know

The Teachers Corner is a website that is helpful and useful for teachers of all ages. It doesn't matter if you're a teacher in Kindergarten or if you're a teacher in grade 12, there is something for everyone. Finding time and creativity for lesson plans or worksheets can be hard to do. At The Teachers Corner there are links that bring you directly to pages which have lay outs for certain worksheets and lesson plans. Not only does The Teachers Corner give ideas for lesson plans and work-

sheets there are also ideas for bulletin boards, teacher resources, seasonal activities and most importantly there is a teacher job search for those who are looking for a new location to teach. All in all The Teachers Corner is helpful for all educators. For some parts of the sites you will need to log-in and register but for most of the sites there is no registration needed.

Lesson Plans

Looking for ideas for lesson plans? The Teachers Corner is the helpful site that will lead you directly to lesson plans. Different subjects? This website

offers lesson plans in almost every subject from the basic subjects like math and English to the more in-depth subjects such as Health, Physical Fit-

ness and Art/Music. To narrow down your lesson plan all you need to do is pick which grade you're interested in and a subject that you are interested in.

Printable Worksheets

Worksheets take a lot of creativity and thought in order for it to be engaging for the student. The Teachers Corner is a site that can make creating a worksheet a bit less stressful and a bit more exciting. Worksheet layouts are already pre-made which makes your job not only easier but quicker. Worksheets can range from math worksheets, word scramblers, word search, cross word search, match up worksheets and much more. Similar to the lesson plan site the worksheet site only

makes you pick out the subject that your class is working on and the grade level at which you are teaching. From there the worksheets can be printed and for free, which is even better! So next time your class is looking for something fun and attention grabbing and you don't have time to create one, hand them a worksheet from The Teachers Corner.

Name _____ Date _____
Time _____

Directions:
Write in numbers the time indicated on each clock face.

1.  2. 

3.  4. 

5.  6. 

Students should select and apply appropriate standard units and tools to measure length, area, volume, weight, time, temperature, and the size of angles.

Teachers Wanted?

Are you a new teacher or looking to switch teaching locations? If so, The Teachers Corner can also offer you help in searching for a new job. The Job search section of this website offers certain tools that can help you get your name out to the public and help you find job openings in or around your interested area. Not only does it allow you to select a city

“The Teachers Corner is now providing resources to help our users get teaching jobs.”

that you are interested in but it also allows you to pick a grade level, a subject or a specific job title such as

principle, Athletic Director, etc. This section can be helpful to new and old teachers.

Helpful Tool for Teachers

As you can probably tell from all the hype The Teachers Corner is a helpful tool for all teachers. It focuses on how to help a teacher and prepare them for their lessons and in engaging their class. With their lesson plan guides, worksheet templates and other useful tools it can take away the stress that some of these

tasks can cause. I believe that this website is one of the most useful websites out there to help out any teacher, new or old. I would use this website basically every day because it cuts back on all the hassle and stress. When I am stressed and have a lot on my plate ill just turn to this website

to help me with lesson plans or worksheets.
